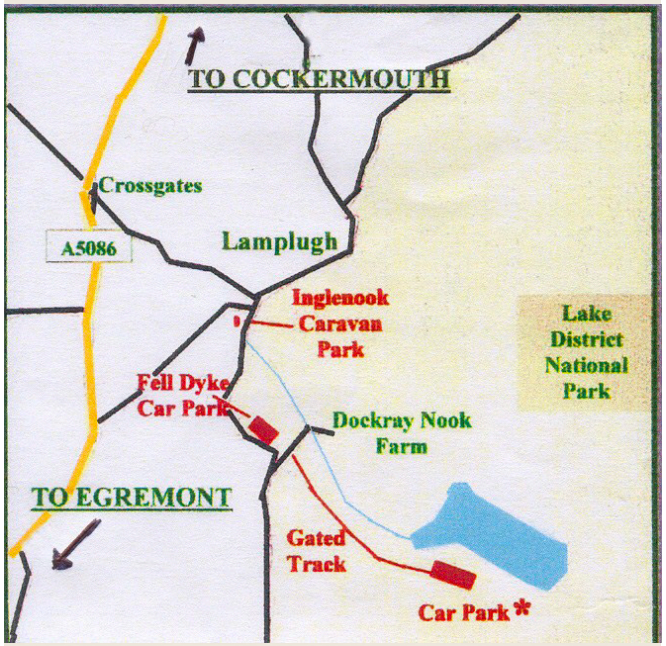
DIRECTIONS



FISHING INFORMATION

Cogra Moss provides an opportunity to fly fish for trout from the bank and natural islands. There are a variety of lies, including gravel and stony beds, sand banks, shallow bays and deeper channels. Waders are recommended. There is a well-established Brown Trout population. Rainbow Trout are stocked monthly throughout the season. Average fish size is 1lb 8oz, with current records of Rainbow Trout 10lb 8oz and Brown Trout 3lb 4oz. Natural flies include Sedges and Daddies. Cogra Moss offers superb dry fly fishing; other successful patterns include traditional wet flies, Black Spider, Greenwell's, Snipe and Purple, Buzzers, Vivas etc. Hook sizes 10 – 18 (but just ask anyone!)

CONDITIONS

Fly Fishing only with barbless or crimped hooks. Bag limits for fish killed are as stated below, and on the Permit. A catch and release scheme operates. Anglers must cease fishing when the stated bag limit has been taken, or when 10 fish have been caught and released. Fishing is allowed from 8am until sunset each day. Fish are not to be sold. Full conditions are given on the Permit and are also displayed on the notice board by the Lakeside Car Park.

Juniors under 16 years old MUST be accompanied by an adult.
